The benefits of ClicWall in your interior project

A wide selection of designs

Clicwall offers beautiful solutions for all of your interior projects thanks to a **comprehensive range** of high-quality Unilin Evola designs. From plain **basic colours** to a range of **realistic concrete and wood designs**, with Clicwall, the possibilities are endless.

Give your interior project the added value that you've been looking for.

Can it get any more personal? Create a **unique, tailor-made solution** and design your own painted or digitally printed Clicwall Deco panels.

All designs in the UNILIN Evola collection are also available on melamine faced panels and HPL so you can easily harmonise the choice of wall with your furniture.

Perfect for intensive use

The protective, robust melamine layer ensures a **splash proof** surface. The top layer can be washed for **added hygiene**. Clicwall is also **scratch-resistant and maintenance-friendly**, meaning you can enjoy your favourite design for longer. This makes Clicwall ideal for environments with intensive use, such as hospitals, offices and schools.

Moreover, you can also rely on Clicwall for projects in which the fire reaction and fire resistance of walls is absolutely crucial. More information on **fire-retardant solutions** can be found in the Clicwall installation guide on our website: www.unilinpanels.com

Quick installation for a stylish result

Clicwall's **patented profile** allows the panels to click together easily for rapid installation. No further finishing is required, helping to keep dust and dirt to a minimum during installation. With Clicwall, you can give an existing room an entirely new look and feel without lengthy, unpleasant interruptions

to your daily activities. A wide range of accessories is available, including **corner profiles** and **skirting boards**, to give your walls that final finish. Put simply, Clicwall gives your interior a complete makeover in next to no time.

UNILIN, division panels

UNILIN, division panels is part of the UNILIN group. Since our foundation in 1960, we have grown into an international player supplying solutions for the construction industry, furniture and interior sectors.

UNILIN is synonymous with (r)evolution. Thanks to continual investment in design, technology, research and development, our divisions have grown to become leaders in their fields.

By means of a powerful vertical integration, from tree to finished product, using creativity as our motor and innovation as our driver, we develop tailor-made solutions to suit your needs.
